

## **Scenic Designer – Children’s Summer Theater Workshop**

CCYT is seeking creative and collaborative **Scenic Designer** to join our Children’s Summer Theater Workshop team! This designer will work closely with our technical staff, directors, and Master Carpenter to bring multiple productions to life through imaginative scenic concepts and drawings for projected backdrops. You’ll have full access to our set storage facility and a supportive team of interns and staff eager to help with painting, builds, pulls, and scenic projects. If you love designing for young performers, enjoy teamwork, and thrive in a fun, fast-paced production environment, we’d love to have you on our summer creative team.

### **Responsibilities include:**

- Designing scenic elements and creating drawings for projected backdrops
- Collaborating with directors, technical staff, and the Master Carpenter on design needs
- Pulling, adapting, and organizing scenic pieces from our set storage facility
- Overseeing or assisting with scenic builds, painting, and installation
- Delegating tasks to interns and staff and providing guidance as needed
- Supporting scenic transitions and setup during tech and performances

### **Ideal candidates are:**

- Experienced in scenic design, art, drafting, or related fields (professional or educational)

This is a great opportunity for designers who enjoy teamwork, hands-on creativity, and building theatrical worlds that inspire young performers.
